#### Independent Auditors' Report

To the Board of Directors of American Family Association, Inc.

We have audited the accompanying financial statements of American Family Association, Inc. (a nonprofit organization), which comprise the statements of financial position as of June 30, 2016 and 2015, and the related statements of activities and cash flows for the years then ended, and the related notes to the financial statements.

#### Management's Responsibility for the Financial Statements

Management is responsible for the preparation and fair presentation of these financial statements in accordance with accounting principles generally accepted in the United States of America; this includes the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error.

#### Auditors' Responsibility

Our responsibility is to express an opinion on these financial statements based on our audits. We conducted our audits in accordance with auditing standards generally accepted in the United States of America. Those standards require that we plan and perform the audit to obtain reasonable assurance about whether the financial statements are free from material misstatement.

An audit involves performing procedures to obtain audit evidence about the amounts and disclosures in the financial statements. The procedures selected depend on the auditors' judgment, including the assessment of the risks of material misstatement of the financial statements, whether due to fraud or error. In making those risk assessments, the auditors consider internal control relevant to the entity's preparation and fair presentation of the financial statements in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the entity's internal control. Accordingly, we express no such opinion. An audit also includes evaluating the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluating the overall presentation of the financial statements.

We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinion.

#### Opinion

In our opinion, the financial statements referred to above present fairly, in all material respects, the financial position of American Family Association, Inc., as of June 30, 2016 and 2015, and the changes in its net assets and its cash flows for the years then ended in conformity with accounting principles generally accepted in the United States of America.

#### **Report on Supplementary Information**

Our audits were conducted for the purpose of forming an opinion on the financial statements as a whole. The schedule of functional expenses on pages 15-18 is presented for purposes of additional analysis and is not a required part of the financial statements. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information has been subjected to the auditing procedures applied in the audit of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements themselves, and other additional procedures in accordance with auditing standards generally accepted in the United States of America. In our opinion, the information is fairly stated in all material respects in relation to the financial statements as a whole.

Notes to the Financial Statements For the Years Ended June 30, 2016 and 2015

#### Note 1: Nature of Organization and Significant Accounting Policies

The American Family Association, Inc. (the Organization) is a nonprofit Christian organization promoting the Biblical ethic of decency in American society with a primary emphasis on TV and other media.

Financial support for the American Family Association, Inc. is through donations from individuals and organizations within the United States.

The Organization is a nonprofit corporation, exempt from income tax under Section 501(c)(3) of the Internal Revenue Code, and contributions to it are tax deductible within the limitations prescribed by the Code. The Organization has been classified as a publicly supported organization, which is not a private foundation under Section 509(a) of the Code.

*Use of Estimates.* The preparation of financial statements in conformity with generally accepted accounting principles requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities and disclosure of contingent assets and liabilities at the date of the financial statements and the reported amounts of revenues and expenses during the reporting period. Actual results could differ from those estimates.

*Cash and Cash Equivalents.* Cash and cash equivalents consist of cash held in checking and money market accounts and certificates of deposit with maturities of less than 90 days except if those instruments are used to temporarily invest endowment funds until appropriate investments are identified. At year-end and throughout the year, the organization's cash balances were deposited in several banks. Management believes the Organization is not exposed to any significant credit risk on cash and cash equivalents.

Accounts and Notes Receivable. Accounts and Notes Receivable are described in Note 2 and Note 6 respectively and are considered by management to be fully collectible.

*Investments.* Investments in equity securities with readily determinable fair values and all investments in debt securities are measured at fair value in the statement of financial position. Investment income of loss (including gains and losses on investments, interest, and dividends) is included in the statement of activities as increases or decreases in unrestricted net assets unless the income or loss is restricted by donor or law.

*Concentrations of Credit and Market Risk.* Financial instruments that potentially expose the Organization to concentrations of credit and market risk consist primarily of cash equivalents and investments. Cash equivalents are maintained at high-quality financial institutions and credit exposure is limited at any one institution. The Organization has not experienced any losses on its cash equivalents. The Organization's investments do not represent concentrations of market risk since the Organization's investment portfolio is adequately diversified among issuers.

*Land, Buildings, and Equipment.* Land, buildings, and equipment acquisitions are recorded at cost. Depreciation is provided over the estimated useful lives of the assets and computed on the straight-line method. The Organization capitalizes all equipment purchases over \$1,000.

Support and Expenses. Contributions received and unconditional promises to give are measured at their fair values and are reported as an increase in net assets. The Organization reports gifts of cash and other assets as restricted support if they are received with donor stipulations that limit the use of the donated assets, or if they are designated as support for future periods. When a donor restriction expires, that is, when a stipulated time restriction ends or purpose restriction is accomplished, temporarily restricted net assets are reclassified to unrestricted net assets and reported in the statement of activities as net assets released from restrictions. Donor-restricted contributions whose restrictions are met in the same period are reported as unrestricted support. The Organization uses the allowance method to determine uncollectible unconditional promises

Notes to the Financial Statements For the Years Ended June 30, 2016 and 2015

#### Note 1: Nature of Organization and Significant Accounting Policies - Continued

received. The allowance is based on prior years' experience and management's analysis of specific promises made.

The Organization reports gifts of goods and equipment as unrestricted support unless explicit donor stipulations specify how the donated assets must be used and gifts of cash or other assets that must be used to acquire long-lived assets are reported as restricted support. Absent explicit donor stipulations about how long those long-lived assets must be maintained, the Organization reports expirations of donor restrictions when the donated or acquired long-lived assets are placed in service.

Expenses are recorded when incurred in accordance with the accrual basis of accounting.

Advertising Cost. Advertising costs are expensed as incurred.

*Income Taxes.* The Organization is a nonprofit corporation whose revenue is derived from contributions and other fund-raising activities and is not subject to federal or state income taxes. The Organization's unrelated business income has resulted in net taxable income of \$16,371, see Note 18.

*Functional Allocation of Expenses.* The costs of providing the various programs and activities of the American Family Association, Inc., have been summarized on a functional basis in the Statements of Activities. Accordingly, certain expenses for salaries and related benefits, computer expense, supplies, repairs and maintenance and occupancy expense have been allocated among the programs and supporting services benefited based on estimated time and functional usage.

*Subsequent Events.* For the year ended June 30, 2016, the Organization has evaluated subsequent events for potential recognition and disclosure through January 11, 2017, the date which the financial statements were available to be issued. No adjustments were considered necessary to the financial statements.

#### Note 2: Accounts Receivable

Accounts receivable consists of underwriting agreements the Organization has entered that have not yet been collected. The accounts receivable aging at June 30, 2016 and 2015 is as follows:

FASB ASC 820, *Fair Value Measurements and Disclosures*, establishes a framework for measuring fair value. That framework provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (Level 1 measurements) and the lowest priority to unobservable inputs (Level 3 measurements). The three levels of the fair value hierarchy under FASB ASC 820 are described as follows:

Level 1 – Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the plan can access.

Level 2 - Inputs to the valuation methodology include

- Quoted prices for similar assets or liabilities in active markets;
- Quoted prices for identical assets or liabilities in inactive markets;
- Inputs other than quoted prices that are observable for the asset or liability; and
- Inputs that are derived principally from or corroborated by observable market data by correlation or other means.

If the asset or liability has a specified (contractual) term, the Level 2 input must be observable for substantially the full term of the asset or liability.

Level 3 – Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

The asset or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques used need to maximize the use of observable inputs and minimize the use of unobservable inputs.

When available, the Organization measures fair value using Level 1 inputs because they generally provide the most reliable evidence of fair value. Level 1 and Level 2 inputs were available to the Organization.

Level 3 investments consist of various Christian based media projects for which the Organization has assisted in developing for release in public media outlets. The investment is carried at cost which approximates fair value to be realized upon the release of the media projects.

Notes to the Financial Statements For the Years Ended June 30, 2016 and 2015

#### Note 5: Fair Value Measurements - continued

During the years ended June 30, 2016 and 2015, Level 3 investments consisted of the following activity:
