COMPANY BECOMES MAJOR BACKER OF HOMOSEXUAL AGENDA WITH \$1,000,000 IN GIFTS TO GAY GROUPS

- American Family Association asked Pepsi to be neutral in the culture war and not support the homosexual agenda. Pepsi refused and plans to continue giving major financial support to homosexual organizations. In the last two years, Pepsi has given \$500,000 to Human Rights Campaign (HRC) and another \$500,000 to the Parents, Families and Friends of Lesbians and Gays (PFLAG). The total of \$1,000,000 was used to help promote homosexuality in the workplace.
- HRC and PFLAG were major supporters of efforts to defeat Proposition 8 in California, which defined marriage as being between a man and a woman. HRC gave \$2.3 million to the effort to defeat Prop 8.
- Pepsi forces all employees to attend sexual orientation and gender identity diversity training where they are taught to accept homosexuality.
- Pepsi's products include Pepsi soft drinks (914-253-2000 or 1-800-433-2652), Frito-Lay chips (800-352-4477), Quaker Oatmeal (800-367-6287), Tropicana (800-237-7799) and Gatorade (800-884-2867).
