June 27, 2017

Dear Senator,

As president of the American Family Association (AFA), I issued a press release today calling on the U.S. Senate to include two pro-life provisions in H.R.1628, the health care reform bill. (*See press release below*).

The first provision is Hyde Amendment language restricting any federal funding, including tax credits, from being used for abortion. The other provision is defunding all abortion providers, including Planned Parenthood. Federal funds made available to abortion providers should be reallocated to community health centers not performing elective abortions and not affiliated with the abortion industry.

As the discussion draft of Senate Amendment to H.R.1628 and other amendments are debated and voted on, I urge you to support these two provisions protecting and advancing the sanctity of human life.

Sincerely,

A handwritten signature in black ink that reads 'Tim Wildmon' in a cursive script.

Tim Wildmon
